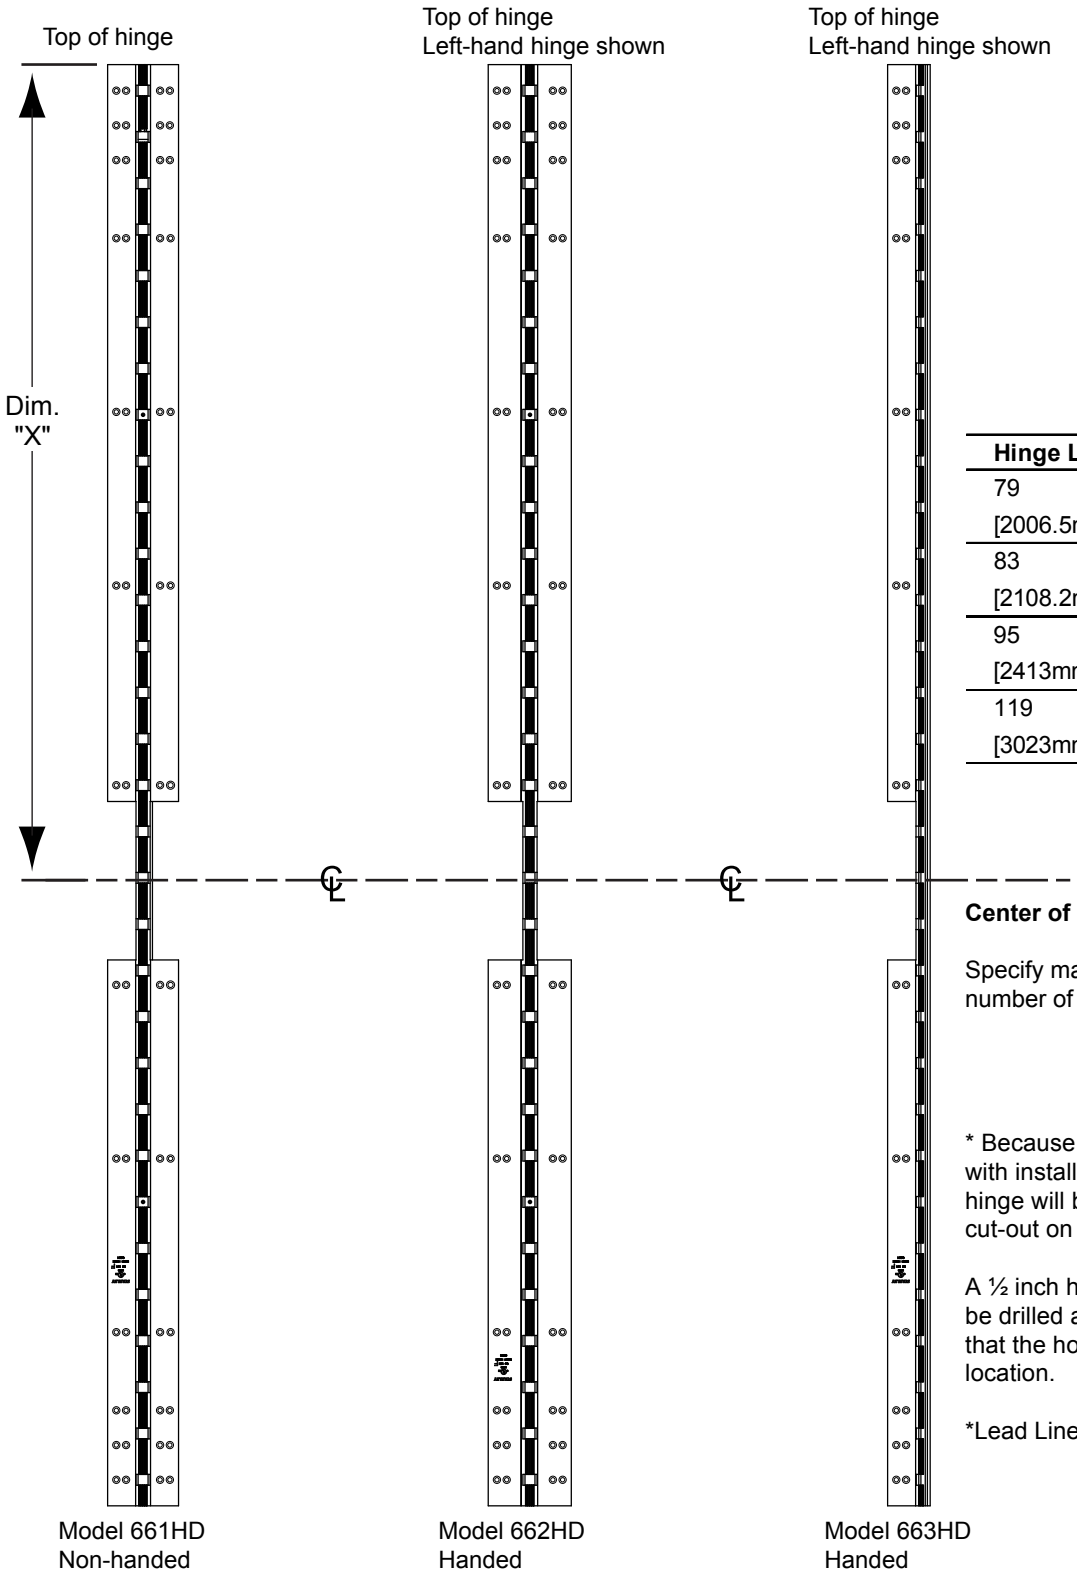
661HD, 662HD, and 663HD - EPT CUTOUT



Hinge Length	Dim. "X"
79 [2006.5mm]	43.00 [1092mm]
83 [2108.2mm]	47.00 [1194mm]
95 [2413mm]	59.00 [1499mm]
119 [3023mm]	83.00 [2108mm]

Center of cut out

Specify manufacturer and model number of transfer *

* Because of variances associated with installation of the PHI EPT-5, the hinge will be furnished with an EPT cut-out on the frame leaf only.

A ½ inch hole for the door leaf is to be drilled at the job site to ensure that the hole is drilled at the optimal location.

*Lead Lined hinges shown
