

1/4/2023

Technical Bulletin:

To Shelter System Owners,

We are writing to inform you of a temporary disruption in service for text and email notifications from your shelter system.

We are currently actively working on a fix to resolve this issue.

In the meantime, while the issue exists, text and email notifications will not function properly. This is a known issue, and we hope to have resolution in the very near future.

Thank you for your attention and understanding.
